Refused The Court House.

Two smooth talking Mormon elders wearing slick Prince Albert coats have been in Paris several days making a house to house round of the city, to distribute their tracts. They called on Judge Smith to secure the court house to hold meetings, but were promptly refused the use of the building.

THE NEWS believes that every man has a perfect right to his own religious and political belief, but when that religion embraces the lust of polygamy it is time to give its easy talking missionaries a frigid reception. And it wouldn't be much harm to untie the bulldog. This may seem harsh treatment, but suppose they made a convert of your daughter to become the illegal wife of some Mormon? They are making hundreds of converts every year in Tennessee, West Virginia and Eastern Kentucky.

A Personal Encounter.

A personal encounter occurred Saturday morning between Prof. W. L. Yerkes and Wm. Remington, editor of the Democrat. Prof. Yerkes took exception to an editorial criticism of the speech of his brother, Hon. John Yerkes, Republican candidate for Governor, and called at Mr. Remington's office and demanded an apology. Mr. Remington offered to make proper amends in his next paper, but after reading the article further, Prof. Yerkes then struck at Remington and in the mixup knocked over some type. Frank Remington then caught Prof. Yerkes' hands behind him and Wm. Remington struck the Professor over the head with a wooden stick and they pushed him out of the office, just as officer Mernaugh appeared on the scene. Prof. Yerkes admitted that he was the aggressor in the eyes of the law, and paid a \$10 fine. The warrant against Wm. and Frank Remington was dismissed.

If you cannot read this small print at a distance of 14 inches your eyesight is failing and should have immediate attention:

Imperial spectacles and eyeglasses have perfect lenses, always perfectly centred and made of purest material, set in frames of the highest elasticity and consequently of greatest durability, united with the utmost lightness and elegance. When both frames and lenses are scientifically fitted by Dr. C. H. Bowen's system they always give satisfaction for they are perfect. Never buy cheap spectacles, nor of men who do not know how to fit them. You will get poorly adjusted spectacles, or poor, imperfect lenses, and are better off without any glasses than with either of these defects. Buy Imperial spectacles of a reliable, skillful dealer, and they will last longer without change and be cheapest in the end.

We have engaged the services of Dr. C. H. Bowen who will visit our store on the second and last Thursdays of each month and invite all to call and have their eyes examined, for which there is no charge. Satisfaction guaranteed or money refunded.

Next visit—Thursday, Sept. 13, 1900. Hello, 170.
